About DNG

Who we are

We are a Church Partner for the Discipleship of the Next Generation.
We find great joy in serving Rwandan Christian families through intentional discipleship, a mission we've pursued since 2017.

Why we exist

•DNG exist because we believe that Children share in our common human fallenness and therefore stand in equal need of the saving grace of Jesus Christ.

•We exist because God has entrusted those of us who know Him to pass the great news of His glorious deeds to the next generation, so that they too might set their hope in Him.

•DNG exist because In Rwanda 1 person in 3 is a child under the age of 12.
•A generation of millions often overlooked as being «young»to understand the Gospel or too «innocent» to need it.
•We are convinced that our generation owes the next to faithfully pass on the wonderful message of Christ we have received and ensure the continuity of the Gospel in Rwanda.

Our Prayer

We long to see the next generation being raised up in the knowledge and the truth of the gospel.

Our strategy

We are committed to resourcing the church of Rwanda with well-equipped children's workers and to provide biblical sound children's ressources.

The purpose/vision of the annual parenting conferences

Since **2023**, DNG has had the joy of bringing parents together for our Annual Parenting Conference. Our vision is simple: to help parents think biblically about every part of their parenting. We want to build a strong biblical foundation and offer practical wisdom that can guide Rwandan Christian parents in the incredible, complex, and often challenging work of discipling the children God has entrusted to us.

Conference
6th June 2026

Theme: Prayer and Parenting: Exploring the place, the role and the impact of prayer in parenting

This year, we are turning our focus to prayer. We want to understand what the Bible teaches about prayer and, as parents, learn how to apply those truths in our daily parenting. Our hope is that, by the end of the conference, we will have a clearer grasp of the place, the role, and the impact of prayer in our parenting journey.
